<p>09/75 To review Feast Week in July. It was agreed that Feast Week had been a success. Cllr Len Sparling circulated a summary of the financial outcome. Monies raised had gone to Air Ambulance and Magpas. It was proposed to retain the surplus of £855 to offset the costs of arranging the next Feast Week.</p> <p>09/76 Parish Clerk's Report:</p> <p>i) Legionella Risk Assessment – This had been carried out, and a detailed report received. A number of recommendations had been made which needed to be worked through, and added to the maintenance schedule for The Pavilion. A short update would be made to the next meeting of the Committee.</p> <p>ii) Recreation Car Park Markings – These had largely been repainted. Disabled parking signs near the The Pavilion were now visible. Yellow hatching had been painted on the raised pathway between the two parts of the park to permit disabled and pushchair access, and the yellow hatching renewed at the entrance to the car park.</p> <p>iii) Recreation Car Park Drains, and recent flooding problems – Heavy rain had resulted in both sides of the car park becoming flooded. The existing soakaways had been unable to cope with the amount of rain that had fallen. If the current pattern of excessive rain continued it would be necessary to consider alternative solutions. Discussions with Jason Gore of J&P suggested that the solution may be to pipe a connection to the highways drainage system. He had agreed to provide an estimate of costs. However, prior to any such works being considered permission would need to be gained from Cambridgeshire County Council.</p> <p>iv) Repair to ‘Springer’ at the play area Girton Recreation Ground - This had now been completed. The contractor had had some difficulty as the bolt that needed tightening had been difficult to reach because it was virtually encased in concrete.</p> <p>v) Allocation of storage cupboards in Pavilion Hall – Three cupboards had been allocated to the “Bobtails” nursery group, one to the YMCA youth group, and one for general use for floor matting.</p> <p>vi) Car Parking at Girton Glebe School? – Still a problem in so far as the recreation car park often overflows. Another approach would be made headmaster to gain his permission to use Girton Glebe’s playground as an overflow when necessary.</p> <p>The meeting ended at 8.20pm.</p>	<p>Clerk</p> <p>LM</p>
