23/043	Public Participation <i>Two members of the public wished to speak about Sloe Fen Farm.</i> First Member of the Public <ul style="list-style-type: none">Confirmed opposition to application which they felt was pretty much identical to application of 15th February 2022Council's attention was drawn to the application being on Green belt land and the resulting planning criteria that apply.	

Agenda Item	Item Description	Action/ Power
	<ul style="list-style-type: none"> • <i>It was noted that the basis of the application is an extension to an existing business. Policy E/16 of South Cambs Local Pla) states that a business expansion has to be a successful business running for at least 2 years. The grazing/storage of Alpacas had not been carried out at this location before - so does not appear to fit with extension of existing business. The resident has spent 50 years living in that location.</i> • <i>At Companies House no record of Sloe Fen Farm can be found.</i> • <i>Under policy NH/8 of South Cambs Local Plan there was note of the impact on Green Belt about where a building was situated and the size of the building. The barn in question is a 14-metre-wide building on a field directly facing Oakington Road. It could quite easily have been moved to one side of the entrance to reduce the impact on surrounding areas. The impact of the existing location is high in line with the NH/8 policy.</i> • <i>There were also mistakes in the application. It was said that there has been parking for 16 cars. The resident noted that this was a green field site, laid to grass and had not been used for parking before.</i> • <i>Land Registry title - The resident noted that there was note of restrictive covenants on this land he was not sure of their impact.</i> <p><i>He hoped that Girton Parish Council took all the above into account and upheld their previous decision of February 2022.</i></p> <p><i>South Cambs Local Plan: https://www.scambs.gov.uk/media/17793/south-cambridgeshire-adopted-local-plan-2018.pdf</i></p> <p><u>Landowner (Second member of Public)</u></p> <ul style="list-style-type: none"> • <i>Parking spaces were an interesting point. The hard-core area had been put in place from spring 2021 for the CCC workforce on the cycle way in 2021. CCC had approached the landowner several times as they had nowhere to park whilst working on the cycle way. The Landowner did not think was a need for planning permission as he was told by Planning officer none was needed in August 2020. (Landowner provided email from from Planning to Council).</i> • <i>The landowner confirmed that he had taken advice from the planning authority. He would not have built a barn without planning permission.</i> <p><i>The following points were noted.</i></p> <ul style="list-style-type: none"> • <i>Restrictive covenant covering a percentage of any building to go to estate of previous owners. Expires in 6/7 years.</i> • <i>Keeping Alpacas to be a hobby/small business</i> • <i>Sloe Fen Farm is a sole trader business.</i> • <i>Barn was built in current location as this is where parking is in place.</i> • <i>There is a six-foot-high timber recessed gate in line with other neighbouring properties.</i> • <i>was a recess of 6ft 5inches in line with other properties.</i> • <i>There was little visibility from the road or impact on traffic.</i> • <i>The entire area is green belt. That does not prevent agricultural development.</i> <p><i>Landowner had forward email to Council in which Planning authority apologized for giving incorrect advice.</i></p> <p><i>The planning application had been withdrawn twice to deal with requirements around flooding and transport requirements. These were now dealt with. The only outstanding requirements was around flooding as the regulations had increased over</i></p>

	<p><i>the last few years. HE is now working with a consultant to meet these increased requirements.</i></p> <p><u>Questions from Councillors</u> Cllr Clare noted that there was not much information on the Planning portal. Cllr Carney noted that it was a recurrent problem with GCP that documents are not available on portal.</p>	
23/044	<p>To approve co-option of new Councillor/s to Planning Committee</p> <p><u>Approval:</u> <i>Cllr Carney proposed the co-option of Cllr Brown. Cllr Muston seconded. Council also notes to GCP the apparent missing and misleading information given to the applicant.</p> <p><u>Approval:</u> <i>Cllr Brown proposed. Cllr Muston seconded. Three in Favour, One against, One abstention</i></p> <p>GPC to recommend this Application go to GCP Planning Committee. GPC Councillor to attend the above Committee to state rationale and questions.</p>	Support

Agenda Item	Item Description	Action/ Power
	<p><i>GPC Comments entered to GCP Planning portal: 07/06/2023.</i></p> <p><u>Original Approval:</u> <i>Cllr Carney proposed that Council opposed this application. Seconded by Cllr Giles.</i></p> <p><u>Second Amendment: Cllr Carney proposed a second amendment as below:</u> Girton Parish Council approve a Neutral opinion on this application. GPC would likely have objected if the building had not been constructed. However, due to apparent misinformation from South Cambs, council are not in a position to confirm a directive in either direction.</p> <p><u>Approval:</u> <i>Cllr Carney proposed. Motion not seconded.</i></p> <p><u>Debate Highlights:</u> This item was moved to the beginning of the agenda due to interest from Members of the Public.</p> <p>Cllr Carney stated that having heard from members of the public there were still matters to be sorted. There were documents missing from GCP Planning portal.</p> <p>He was concerned about lack of compliance with South Cambs Local plan. He was also concerned about the requirement for Surface water discharge infiltration and the requirement for onsite testing which had not been put in place.</p> <p>He felt that the applicant had been treated very poorly and given bad advice. He stated that he opposed the application but wished to give strong feedback to SCDC, GCP and CCC about the inaccurate advice given to the applicant and the site being left in poor state post completion of the cycle way. He felt they needed to sort this out.</p> <p>Cllr Muston stated she felt that there may be no alternative but to object, but she was very unhappy about the advice given to the applicant. She noted as she had said last time that if the correct information had been given the barn may not have been as large and may have blended with the surrounding area.</p> <p>She noted that she was from a farming background and noted that a building for farm animals does need to be of a decent size due to the requirements for caring for animals. Cllr Muston felt the building did not stand out as much as he had expected. She noted that perhaps we should be saying that given all the problems and mistakes in advice from Planning authority she may approve the application.</p> <p>Cllr Carney confirmed he understood her point. Had the Committee received the recent information provided they may have voted differently. He felt that Girton Parish Council had also been given inaccurate information.</p> <p>Cllr Giles noted that if GPC were to support this application clear information needs to be given to the village about Council's rationale.</p> <p>Cllr Brown noted this was a difficult situation and that informing the village was an absolute must so that it does not set a precedence in punishing applicants when poor advice was given. She also noted that Council needed correct information to make objective decisions.</p>	

Agenda Item	Item Description	Action/ Power
	<p>Cllr Carney noted the option of returning a neutral decision as Council would likely not have approved this application prior to erection of the barn. However, because of the misinformation given to the applicant with hindering from CCC they have been put in a position that they may be minded to approve.</p> <p>Cllr Brown proposed the First Amendment</p> <p>Cllr Brown stated that GPC recommend changes to the current application.</p> <ul style="list-style-type: none"> • Development to blend in better with surrounding areas. • Onsite Flooding test to be carried out. • Remove hardcore. <p>She noted that building of the cycle way had caused damage to the grass which caused applicant to spend money.</p> <p>GPC Clerk noted that Council had stated they had not received full information and if that is the case then they need to consider neutral option stating the lack of and misleading information to Council.</p> <p>Cllr Carney proposed the Second Amendment</p>
